FOR IMMEDIATE RELEASE

OneHockey Partners Exclusively with Throowave to Revolutionize Hockey Tournament Scheduling

Laguna Hills, CA (December 2, 2024) – OneHockey, the global leader in hosting the most fun and entertaining hockey tournaments, is thrilled to announce an exclusive partnership with Throowave, the creators of the most advanced hockey scheduling system in the industry. This groundbreaking collaboration will revolutionize tournament management, delivering a seamless experience for players, coaches, and fans alike.

Throowave's innovative scheduling app is a game-changer, offering cutting-edge tools that streamline the complexities of organizing hockey events. With its robust features and user-friendly design, Throowave is poised to enhance every aspect of tournament logistics, setting a new standard for efficiency and professionalism.

"We are beyond excited to partner with Throowave," said Sebastien Fortier, CEO of OneHockey. "This is the best hockey scheduling system we've ever come across. Their professionalism, innovation, and dedication to excellence make them a top-notch company, and we are confident this partnership will elevate our events to the next level."

For hockey tournament organizers everywhere, OneHockey strongly recommends Throowave's scheduling system. Their commitment to delivering a superior product, combined with exceptional customer service, makes them an invaluable resource for the industry.

"We want to extend our heartfelt thanks to the Throowave team for this partnership," added Fortier. "We can't wait to integrate their platform into our events and witness the incredible impact it will have. To all tournament organizers out there: contact Throowave today. You won't regret it!"
